Subject: Addition to Comm Agenda for March 16th- Opioid Litigation Update

This litigation update is provided to government entities represented by the National Consortium and is protected by the attorney-client privilege.

This is not a public record.

Please place a notice of "Opioid Litigation Update" on your public meeting agendas but discuss these updates during executive session to preserve attorney-client privilege.

We will need a Motion to go into executive session so I can discuss this pending litigation with members of the Commission.
It should not take long. Maybe the Jury Room will suffice?
Let me know what you think.
